Open excursion to biomass processing companies in Finland

14th-16th May 2018

Program

Monday, May 14th

13.30 – 16.00  Bioruukki Pilot Centre,
VTT Technical Research Centre of Finland,
Ruukinmestarintie 2, Espoo (capital region)
We will start with coffee at 13.30–14.
Transport to Radisson Blu Seaside hotel at 16.

Tuesday, May 15th

8.20  Bus starts from the Radisson Blu Seaside hotel,
Ruoholahdenranta 3, Helsinki

9.00 – 11.00  St1 Renewable Energy Oy, pioneer in waste-based bioethanol production,
Purotie 1, Helsinki

12.00 – 13.30  Lunch at Bistro Sinne, Läntinen Aleksanterinkatu 1, Porvoo

14.00 – 16.15  Neste the world’s largest producer of renewable diesel from waste and residues,
Porvoo region

16.15  Bus leaves for Orilampi, 48 km north of Kouvola.

Around 18.30  Hotel check-in and dinner in the evening at Orilampi resort,
possibility to take a sauna

This is the 3rd workshop on mobile and flexible processing of biomass organised by the MOBILE FLIP project.
Wednesday, May 16th

8.30   Bus departs from Orilampi to Raussi, Sippola, Kouvola
9.30 – 11.30 Mobile biochar production demonstration at Raussi
11.30 – 12.30 Lunch at Raussi

**Seminar on Future prospects for biochar – Highlights of the EU-project MOBILE FLIP**

12.30 – 12.45 Opening of the seminar and MOBILE FLIP in short
Tarja Tamminen, MOBILE FLIP Coordinator, VTT

12.45 – 13.10 Development of Raussi’s slow pyrolysis technology
Anssi Källi, VTT

13.10 – 13.35 Biochar – quality and applications
Kimmo Rasa, Luke

13.35 – 14.00 Liquids from thermochemical conversions – agricultural applications
Marleena Hagner, Luke

14.00 – 14.30 Coffee break

14.30 – 15.00 Business scenarios related to mobile process technologies
Kristian Melin, VTT

15.00 – 16.00 Panel discussion: Drivers and barriers for biochar technologies

16.00   Closing of the seminar.
Bus transportation to the Kouvola Railway station.

This project has received funding from the European Union’s Horizon 2020 research and innovation programme under grant agreement No 637020 – MOBILE FLIP.
